**Clarity Note:** Emerald is the most included gemstone, GIA classified how "GIA III" type in clarity chart. For this reason in above chart there is no free inclusion scale for emeralds.

**Enhancements Note:** In this board of prices all emerald come with wood cedar oil, acceptable practice for GIA, and all laboratories around the world. Just "Oil Drop" quality is no enhancement for this chart. If you like your emerald without enhancements this have extra charge, and you must call or e-mail us for the price.

**Permasafe Note:** In order to goes to the heart of the problem with emeralds: durability and safety of enhancements. Our company use Permasafe enhancement from CGIE an GIA affiliate laboratory for any emerald we sell. This be pretty stable and are garantue for long live. Go Enhancement page for more info
